

# UNITED REHABILITATION SERVICES GIVING CIRCLE 2022

**United Rehabilitation Services' (URS) Giving Circle was founded in 2018 to recognize the financial contributions of donors, made between January 1 and December 31, 2022 that are not related to sponsorships or formal grants.**

Your donation will positively impact the lives of more than 1,000 people with disabilities who count on the meaningful programs URS provides that enable them to reach personal milestones, gain greater independence, and give purpose to their lives.

Please consider a gift that will help sustain life-enhancing activities like adapted physical education, access to the performing and visual arts, community events, and more for children and adults with disabilities. **We invite you to take a moment to review the giving levels and benefits. Your support is needed now more than ever!**

If you have questions, please contact Amber Maham, Communications and Special Events Manager at 937-853-5464 or [amaham@ursdayton.org](mailto:amaham@ursdayton.org). Thank you for your consideration!
